Tanforan Spring Meeting Is Near Its Final Weeks

Tanforan's Spring race meeting nears the home stretch this week-end with just about two weeks left to go before closing date, June 2. However, unusually attractive cards are being planned for the remaining days of racing. J. W. Marchbank, director general of the track announced this week.

The feature Saturday will be the Lloyd K. Hillman Handicap for which a cup will be presented in addition to an attractive purse. Again the thoroughbred leaders at the track will match skill in this event. "Track fans and stable owners also are looking forward to "getaway week," which always offers a series of thrills and upsets in the "dope" schedule. However, Tanforan has not been without a great many upsets thus far in the meeting. The favored ones often have failed to come through, and frequently an outsider has come to the fore.

Road Engineer Exhausts Funds On Relief Jobs

\$63,457 Expenditure
Places Budget
'In the Red'

With \$63,457.26 of road department funds expended for "other costs" on relief projects and only \$55,800 of budgeted, County Engineer James S. James Monday appealed to the supervisors for additional funds to continue emergency employment to the end of the fiscal year. The request was granted.

James said that the road department through overexpenditures for relief activity was now \$7,657.26 "in the red."

Seven county relief projects are now underway and April costs totaled \$3,961.

James suggested use of part of the \$18,000 raised by taxation for relief purposes to meet the "other costs" which are necessary on relief projects.

These "other costs" include supervision and materials.

The board referred the matter to County Controller Edward Stack for a transfer of the necessary funds.

All Bond Money Gone
All but \$681.83 of the \$350,000 relief bond fund has been expended, Robert J. Koshland, chairman of the relief committee, informed the board.

The sum of \$349,318.17 has been expended and \$681.83 remains. Of the expended sum, \$335,739.18 went to relief payrolls, and \$13,578.99 went to workmen's compensation insurance.

Butano Forest As U. S. Park Is Likelihood

Work Done in State
By CCC Camps
Told Today

Possibility that a San Mateo county redwood area might be purchased by the federal government for the establishment of the first national redwood forest in California was suggested by W. L. Hutchinson, United States forestry department director, at a breakfast meeting held at the Benjamin Franklin Hotel in San Mateo on Monday.

The meeting was called by the San Mateo County Chamber of Commerce and the state chamber of commerce to acquaint the people of the county with work done under the Civil Conservation Corps and state labor camp programs.

Hutchinson pointed out that the national forest department has approved purchasing several thousand acres of redwoods. At the present time, of 1,500,000 acres of redwood forests in the state, only a few acres near Santa Cruz are now owned by the government, he said.

Those attending the meeting saw in his suggestion a possibility for public acquisition of the Butano forest.

CCC Camp Work Told

The acquisition program would have to be approved by the state first, according to Hutchinson. If a redwood forest is purchased here, it would be the first in the nation. The plan would be to develop the forest for recreation camps, cabin sites, etc. Twenty-five per cent of the revenues would be returned to the county.

Hutchinson also described the work done by the 186 CCC camps in the state, which built 2200 miles of truck trails and had 40,000 boys and men in camps.

Construction of a giant fire break 640 miles long in the Sierras from Shasta county to Tulare county by state labor camp crews was described by State Forester M. B. Pratt, who said that plans are being made for a CCC camp at the intersection of San Mateo, Santa Clara and Santa Cruz counties.

In San Mateo county between 15 and 20 miles of fire breaks, 10 miles of motor ways, and 25 miles of fire trails have been built, and 25 miles of county roads have been cleared through the labor camps and CCC workers, County Fire Warden Bert Werder reported. He expressed the hope that the Butano area would not be overlooked in the park acquisition program.

Other speakers were C. L. Hill, assistant director of the California Forest Experiment Station, W. A. S. Foster of the division of state parks and Charles G. Dunwoody, director of the conservation department of the state chamber. George Applegate was chairman of the meeting.

Four New Men Entering Local Post of V. F. W.

Four new members will be initiated by Corporal James Lindsay Wilson Post, Veterans of Foreign Wars, at its meeting tomorrow night.

The new members are Walter E. Fox, Roy Rozell Thompson, Clarence G. Syverson and George R. Kendrick.

Fox served in the navy from March, 1917, to August, 1919, as a member of the crew of the transport Great Northern and later with the gun crew of the U. S. S. Cape May in convoy service, crossing the submarine-infested Atlantic many times.

Thompson, now manager of a local oil plant, was overseas in France with the 319th Engineers, spending a year and a half in service.

A bayonet wound, in numbers one of the least received injuries in the World War, is a souvenir still carried in the form of a scar by Syverson, now a Belmont business man. He served with the 91st division.

Library Offers Animal Books

As Pet Show Week Feature

Redwood City children and their parents are awaiting eagerly the fourth annual pet show and parade of the Redwood City Humane Society tomorrow.

The show will take place at the Central school grounds, where kennels and cages will be provided for pets so that their young owners need not remain on the grounds all day. A patrol will take care of them. Judging will take place throughout the day.

The big event is the parade down Broadway, with all children invited to participate. Many floats have been entered for the \$10 prize offered. The high school band will play.

By WILHELMINA HARPER City Librarian

Pet parades are a rather recent institution and a gratifying indication that children are being given more humane education than in the past. With the co-operation of teachers and thoughtful parents, they are taught from early childhood to respect the rights of their animal friends, to treat them with kindness and consideration, and to care for their well-being.

Some 80 or more years ago there were no laws to protect animals against cruel treatment until some kind-hearted people in New England determined to organize a society for the prevention of cruelty to animals. Much progress has been made since by humane workers in all parts of the world and the lot of our speechless fellow creatures has been much ameliorated.

Yet there is a great deal still to be done in the field of humane education. The home is the best place to teach children consideration for the animals who depend upon them for their comfort and happiness. And how much happier is the child who has some pet that would be helpless without his care and love and would unjustly suffer from his neglect.

It has been observed that children who have been taught to consider animals as friends and companions, and to observe their interesting ways in making their wants known, will seldom have a cruel impulse toward them. Boys who

Brief Illness Fatal to Local Civic Worker

Residence of 35 Years
In R. C. Ended
By Death

Redwood City Monday mourned the passing of Carl K. Mabie, former postmaster and mayor of this city and one of its prominent leaders during his 35 years of residence here, who succumbed late Saturday night at the Mills Memorial Hospital to an illness of one week.

Flags were at half mast and the firehouse was draped in his honor.

Mr. Mabie, who was 54 years of age, held office in many organizations and fraternal orders. He retired from the postmastership May 1 after serving for nine years, and it was shortly after a dinner given in his honor by his associates at the postoffice May 5 that he was stricken with the illness which resulted in his death.

Active Here 35 Years
Mr. Mabie, a native of Elk River, Minn., had been active in civic life here for 35 years. He served as mayor of Redwood City during the post-war period and for several years was a member of the city council. He retired as councilman to become postmaster in 1925.

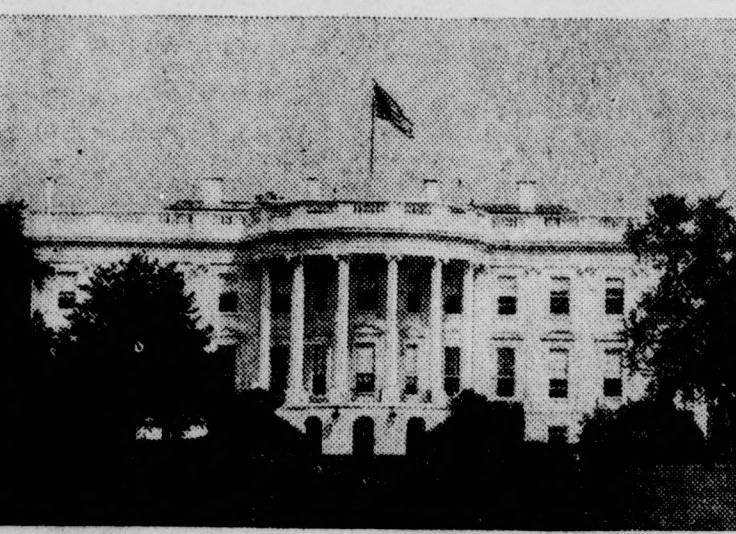

At the time of his death he was a director of the chamber of commerce and of the Las Pulgas Mosquito Abatement District. With his retirement from the postmastership he had planned to resume his duties as district manager for the Metropolitan Life Insurance Co., with which he was associated for 19 years.

In addition to his membership in the Odd Fellows, of which he was a trustee, Mr. Mabie was affiliated with Redwood City Aerie No. 418, Fraternal Order of Eagles, as secretary for 24 years; Redwood City Lodge No. 168, Masons; Redwood City Kiwanis Club, Redwood City Fire Department and San Jose Scottish Rite Bodies, Consistory No. 9.

Surviving are the widow, Mrs. Ina Mabie; three sons, Leroy Kendall, Carl Frank and Eldon Gerald Mabie, and a daughter, Abbie Joan Mabie. Mr. Mabie also leaves his mother, Mrs. Laura Mabie of Los Gatos; two brothers, W. B. Mabie of San Jose and I. D. Mabie of Los Gatos, and a grandson, Charles Kent Mabie.

White House Is Assured of Soft Water Supply

The home of the presidents in the nation's capital was completed in 1800

In accordance with a regular policy of keeping the president of the United States and his family supplied with the most modern conveniences, the White House in Washington has been equipped with modern water softening apparatus that removes all hardness and suspended matter from the water supply.

Ever since the White House was completed in 1800, the furnishing of soft water to the nation's presidents and their families has been given careful consideration. The importance to the White House of water that is soft and clear, is apparent when it is known that the average daily consumption is about 90,000 gallons which includes all the water used in the White House, the executive offices and in maintaining the grounds.

The water used by the early presidents up to the time of Jackson, was obtained from wells excavated on the White House grounds. The old pump

We intend to sponsor three more campaigns in 1934. These campaigns will feature electric appliances such as washing machines, irons, radios, and electrical Christmas gifts."

Local members of the organization are Redwood City Hardware Co. and Pratt & Jameson Co.

Goodyear 'G-3' Ended Problem Of Tread Wear

"The modern automobile is responsible for the greatest tire our company has ever made," declared Walter Lynch, local dealer for The Goodyear Tire & Rubber Co.

"Present day cars with their greater speed, faster getaway and more powerful brakes for quick stops have produced a problem in the wear which has been solved by Goodyear engineers in the newly introduced 'G-3' tire," he asserted.

"With the advent of smaller wheel diameters, high speed motors and powerful four-wheel brakes, tread wear became more of a problem—a problem immediately tackled by the company's engineers and research men. At once they started work on a new tire that would defeat these conditions and our new 'G-3' is the answer."

"Many designs and compounds were created only to be thrown away, but finally one bearing the factory number 'G-3' was found to stand up under the grueling tests. One of the tests consisted of running the tire against sharp granite and resistance of the 'G-3' to this abrasion was found to be far greater than designs previously tested."

Russell Charges Politics Hold Board Control

Charging that certain members of the state board of equalization have used their appointive powers to create a political machine and have made grievous errors in their official duties, Hartley Russell, native son of San Francisco, and recognized as one of the leading tax attorneys in the West, May 6 announced his candidacy for election as a member of the equalization board.

Russell announced that 22,000 friends interested in his candidacy, have already pledged their support.

Russell is the son of the late Chief Stephen D. Russell, one of the heroes of the San Francisco Fire Department, who was killed while fighting a disastrous blaze in 1917.

Russell is grand third vice-president of the Native Sons, and a member of the Elks, Moose, Eagles and the Olympic Club. He saw active sea service during the world war. In his announcement he says:

"The tax laws of the state have been adopted through the legislature or by the people. One of the most important is the retail sales tax act, a very necessary source of revenue, but sufficiently equitable in its present form. The act as it now stands is, in its entirety, the product of the state board of equalization. I charge the present membership of the board, with the sole responsibility of the inclusion of Food Stuffs to taxation. It did, however, see to it that Civil Service was included in the selection of its enforcement and administrative personnel."

"Significant as it might seem, one of the members of the state board is now sponsoring an initiative amendment to the State Constitution which will be placed on the general election ballot, constituting and blanketing in, all of the present employees of the board under the status of Civil Service."

"In other words, they become life employees of the state. It is a matter of common knowledge that the selection of nearly all of the 700 auditors, accountants, investigators and assistants of the board, was left to the sole discretion of the 'so-called' local political bosses, with-out concern as to the ability or fitness of the appointees. These appointments were given to these political satellites to assure perpetuity in office of the board members. Several political plums were created by the board, that carry salaries greatly in excess of the salaries created by law for the board members."

Here Is More Convincing Proof From Local Residents

Of the wonderful results obtained from Chan & Kong natural herbs.

PAINFUL HERNIA IN GROIN

Chan & Kong Redwood City, Calif.
753 Highway May 17, 1934.

To Whom It May Concern:

I had a large and bulging hernia in my groin which was very painful. A friend advised me to see Chan & Kong, because of the wonderful results they had secured through their herbs.

For the last 14 days I have been taking their treatment and to my joy I am now completely cured and relieved of this painful affliction.

I can highly recommend them to any one suffering or ill in any way.

Yours truly,
(Signed) LOUIS RUSSELL,
427 Sanson St., Redwood City, Calif.

KIDNEY TROUBLE & BACKACHE

Chan & Kong Herb Co. Redwood City, Calif. May 8th, 1934

To Whom It May Concern:

I am 64 years of age. For quite a while I suffered with kidney trouble and backache. In the last few months it hurt me so bad I had to quit working. Recently I heard so much about Chan & Kong Chinese herb treatment that I gave them a trial. It really surprised me; after taking the herb tea only two days the pains in my back left me entirely. Altogether I took about two weeks' treatment. They surely put me on my feet. I feel well now, and able to go back to work again. I am glad to recommend their herbs to any one who seeks to regain their health, and with much pleasure to give all information to anyone who wants to know more about Chan & Kong's herbs.

Yours truly,
(Signed) JAMES DAY,
175 Maple St., Redwood City, Calif.

HOT WATER is used 150 times a day

FOR ECONOMY IT SHOULD BE

YOUR purchase of an Automatic Gas Water Heater is an investment in economy. In daily benefits and in long and dependable service it will pay dividends to the whole family. It is economical in operation as well. An Automatic operates on a minimum of fuel. The wasted fuel alone, in the operation of a tank type heater for example, will go a long way toward paying the cost of automatic hot water because the automatic control and insulated tank conserves fuel.

Right now is the thrifty time to buy your Automatic. Prices have not been raised. Purchase terms and monthly payments are low. Take advantage of this easy way to buy and easy way to save by investing for economy in an Automatic Gas Water Heater.

Avis W. Peckham of San Mateo today announced his candidacy for justice of the peace of the second township, San Mateo, which includes San Carlos and Belmont. The post is held by Justice Percy Jackson, San Mateo.

Girl Badly Hurt In Auto Accident On the Alameda

ATHERTON, May 16.—Miss Virginia Nielsen, daughter of Mr. and Mrs. A. P. Nielsen of Palo Alto, was lying critically injured today in the Palo Alto Hospital following an automobile collision here last evening on the Alameda de las Pulgas and Fletcher drive. A woman and another girl were also slightly injured.

Miss Nielsen's legs were paralyzed by the dislocation of a vertebra and she incurred severe scalp lacerations.

The collision was between cars driven by William H. McKaig, 16, son of Mr. and Mrs. George H. McKaig of Palo Alto, and Edward J. Crowley of 152 Colton street, San Carlos.

Miss Muriel Morris, daughter of Mr. and Mrs. Don Morris of Palo Alto, and Mrs. Leah Crowley of San Carlos, who with Miss Nielsen were in the Crowley automobile, were cut and bruised. Both Crowley and McKaig were unhurt. The latter's car overturned following the crash.

The volume of air express during 1933 was 1,510,215 pounds, or an increase of nearly 50 percent over the 1,033,970 pounds carried in 1932.

Compromise Reached In Damage Action

Compromise for \$1000 of the claim of Charles Greer, a minor, for damages for injuries allegedly incurred in a truck-automobile collision on the Bayshore highway at Mills Field last December 23, had been approved today by Superior Judge Franklin Swart.

Damages of \$10,000 had been asked by the youth through his father, Jephtha V. Greer, San Francisco sales manager, who with his wife had also filed a separate suit for \$40,000. That action also was settled out of court as a jury trial was about to commence before Judge Swart.

The defendants in both suits were Paul Flores, driver of the truck, and Manuel Correia Jr., its owner.

HAYCOCKS BURNED

Court Banishes Maid in Theft

Staging of Hoax Told To Police Chief At San Mateo

SAN MATEO, May 16.—Her story of being held up by two Negroes self-confessed as a hoax to cover an attempted theft on her own part, Mildred Peggy Meacham, 20, maid at the Edgar W. Hultman home at 647 Edgewood road, today was given a six month's suspended sentence by Police Judge Louis Kinnell on a petty theft charge. She was ordered to remain out of San Mateo.

Mrs. Hultman returned home late yesterday to find her maid lying on the floor with a gag in her mouth and a handkerchief tied around her head and eyes.

Miss Meacham told the police a story of being beaten over the head and tied up by two Negroes, who ransacked the house of articles of jewelry and a watch.

But when Police Chief Thomas Burke asked her why they had not tied her hands and legs, the maid broke down and confessed that she had staged the whole affair herself.
